India’s first **3D-printed post office** is slated to come up in **Bengaluru, Karnataka** and will cost around one-fourth of the amount spent on a traditional building. The new post office building in **Cambridge Layout in Halasuru, Bengaluru** will be built using 3D printing and is likely to be completed within the next month. The Post Office building is being constructed by **Larsen & Toubro,** which is the only company currently in India utilising 3D printing technology for construction.
