Subject: Frequent Power Cuts in Pub Sarania — Urgent Intervention Requested

Respected Sir/Madam,

I am writing on behalf of the residents of Pub Sarania, Guwahati, to bring to your attention the acute shortage of electricity that our locality has been experiencing over the past few months.

The frequent and prolonged power cuts, often without prior notice, have severely disrupted our daily lives. Students are unable to study during evening hours, businesses are facing operational challenges, and senior citizens and patients requiring medical equipment are suffering greatly. The erratic power supply has also affected the water pumps, leading to an additional shortage of water.

We kindly request your immediate intervention to address this issue. We urge the APDCL to take necessary steps to ensure a stable and uninterrupted power supply in our area. Additionally, we would appreciate it if prior notifications could be given in case of planned outages.

We hope for your prompt action and support in resolving this matter at the earliest.

AAO Draft 110: You are a resident of Pub Sarania area in Guwahati. Your locality faces acute shortage of electric supply on a regular basis. Write a memo to the Executive Engineer of APDCL regarding the frequent power cuts in your locality and how that has made life miserable for the citizens. 15 Marks APSC FMO 2023

Thank you.

Yours sincerely,

[Your Name]
