

Singapore has become the first country to forge ties with Assam for the upcoming Advantage Assam 2.0 Summit, to be held on February 25-26

Key Areas of Collaboration:

1. Economic and Trade Relations

Infrastructure Development:

Singaporean firms are involved in developing infrastructure in Assam, including smart city projects and urban planning in Guwahati.

Investment Opportunities:

Assam has showcased its potential in sectors like tea, tourism, and IT at events such as the Advantage Assam Global Investors' Summit, where Singapore was a key participant.

2. Skill Development and Training

Collaboration in Skilling:

The Singapore government and private sector firms have partnered with

Assam in skill development, particularly in hospitality and healthcare, to create a skilled workforce for global markets.

Training Institutes:

The Singapore Institute of Technical Education (ITE) has helped Assam establish state-of-the-art training centers.
