

Aerotropolis Satellite City Project in Guwahati

The **Assam Cabinet** has granted administrative sanction for **₹2,100 crore** for land acquisition and development of the **Aerotropolis Satellite City Project in Guwahati**. The project is part of the state's broader strategy to create new urban infrastructure and promote planned expansion around the Guwahati region.

An **aerotropolis** is an urban development model centred on a **major airport**, where land use, transport networks, commercial activities and economic infrastructure are planned around the airport. It seeks to leverage aviation connectivity as a driver of **urban growth, trade, investment and employment**.

APSC Relevance: Urbanisation & Smart Cities; Assam Infrastructure.
