AI-Preneurs of India is a flagship coffee table publication documenting the journeys of 45 pioneering AI startups addressing real-world challenges. It is the 7th edition of the AIM (Atal Innovation Mission) *Innovations For You* series and highlights the expansion of India's deep-tech and artificial intelligence startup ecosystem.

The initiative aims to showcase purpose-driven AI innovations aligned with national development priorities while positioning India as a responsible global contributor promoting ethical, inclusive, and impact-oriented AI entrepreneurship.

APSC Relevance:

Relevant for Science & Technology, Startup ecosystem, Atal Innovation Mission, and AI-driven innovation in India.
