

Assam Gets Digital Design & 3D Printing Centre of Excellence

Assam inaugurated the **Digital Design & 3D Printing Centre of Excellence** at **Tech City, Bongora** under the **PM-DeVINE Scheme**. The facility will promote **digital design, additive manufacturing, rapid prototyping**, and the adoption of **Industry 4.0** technologies across the Northeast.

The Centre is expected to boost innovation, skill development, and advanced manufacturing while supporting **MSMEs**, accelerating product development, and reducing import dependence in sectors such as healthcare, aerospace, energy, and agriculture.
