The Assam Government has announced plans to transform the **Bhupen Hazarika Samannay Tirtha** into a **year-round cultural destination**. The proposed revamp includes the use of **Augmented Reality (AR)** and **Virtual Reality (VR)** technologies to provide immersive experiences showcasing the life and musical legacy of Bhupen Hazarika.

The project will also include the construction of an **open-air stage** and the formation of a **government committee** to manage the complex and organise cultural programmes throughout the year, promoting Assam's cultural heritage and tourism.
