

Madhya Pradesh High Court has asked Saif Ali Khan to appeal to the appellate authority against the order of the Central Government.

There is a legal dispute between Saif Ali Khan and the Madhya Pradesh government, in which some properties of Saif's family have been declared as enemy properties.

Saif Ali Khan has challenged the declaration of these properties as enemy properties in the Madhya Pradesh High Court since 2015.

What is enemy property?

Properties left behind by people or their heirs who fought in wars against India or who became citizens of enemy nations (e.g. Pakistan, China).

These properties come under the control of the Indian government and are classified as "enemy property".

Enemy property includes both movable and immovable properties, such as land, buildings, shares, and business.
