

India-EU Water Partnership and EU Delegation Visit to Assam

An European Union (EU) delegation visited Assam under the India-EU Water Initiative, with the Brahmaputra Board hosting high-level discussions in Guwahati on sustainable water resource management and resilient water governance in the Brahmaputra basin.

The visit focused on ongoing collaborations, future strategies and strengthening international cooperation for integrated river basin management. The engagement is part of the *India-EU Water Partnership (IEWP)*, a collaborative initiative launched in **2016** between India and the European Union to enhance water management through scientific, technological and policy cooperation. The partnership aligns with the *UN Sustainable Development Goals (SDGs)* and the EU's *Global Gateway Strategy*.

APSC Relevance: Water resource management, international cooperation and Brahmaputra basin governance.
