Kerala has soft launched ‘Kerala Savari’, the country’s first online taxi service owned by a State government.

What is Kerala Savari?
It is an online taxi service launched by the Kerala government.

Aim: To ensure fair and decent service to passengers along with fair remuneration to auto-taxi workers.

A police clearance certificate is mandatory for drivers joining the scheme apart from the required proper training

Low Service Charge: It only charges an 8% service charge in addition to the rate set by the government whereas the private cab aggregators charge up to 20 to 30% service charge.
