The Prime Minister of India has launched the National Logistics Policy (NLP) recently.

Key highlights of the policy-

- It **aims at bringing down logistics cost in India** and **increasing the country's trade competitiveness** by enabling seamless movement of goods and building a unified digital interface.
- Under this policy, **Unified Logistics Interface Platform (ULIP)** will **bring all the digital services related to the transportation sector into a single portal,** freeing the exporters from a host of very long and cumbersome processes.
- Similarly, under the policy a **new digital platform Ease of logistics Services -E-Logs** has also been started.
