

Rangpur-Sivasagar Historic Ensemble Enters UNESCO Tentative List

Assam's Rangpur-Sivasagar Historic Ensemble has been submitted to **UNESCO's Tentative List** as a cultural heritage site, strengthening its prospects for future World Heritage recognition. The ensemble includes iconic Ahom-era structures such as **Rang Ghar, Talatal Ghar, Sivadol, Joysagar and Gaurisagar tanks, Ghanashyam House and Namdang Stone Bridge.**

A major feature is the Ahoms' sophisticated **water-management system**, integrating tanks, embankments and drainage. Active temples, festivals, rituals and traditional practices further demonstrate the **living cultural continuity** of the historic landscape.
