

UN Global Road Safety Week 2026

The World Health Organization (WHO) and international partners observed UN Global Road Safety Week from 11–17 May 2026 under the theme “Together for Safer Streets and Saved Lives.” The campaign promotes public awareness and stronger policies to reduce road accidents and injuries.

The initiative emphasizes safer road infrastructure, effective traffic safety laws and collective responsibility. It supports the UN Decade of Action for Road Safety 2021–2030, which aims to halve global road traffic deaths and injuries by 2030.
